EU Declaration of Conformity Regulation (EU) 2017/745 on medical devices

We, the manufacturer:

Name	Advanced Medical Solutions Limited
Address	Premier Park, 33 Road One Winsford Industrial Estate Winsford Cheshire CW7 3RT, UK
Single registration number	GB-MF-000008822

under our sole responsibility, certify that the products described below are in conformance with the applicable provisions of Regulation (EU) 2017/745 on medical devices:

Device Family	Silicone Wound Contact Layer
Intended Purpose:	Silicone wound Contact Layer is intended for use on chronic and acute wounds with an appropriate secondary wound dressing. It is designed to lie between the wound bed and the secondary wound dressing to prevent the secondary wound dressing from sticking to the wound and allows exudate to pass into an absorbent secondary wound dressing.
Classification rule under Annex VIII:	Class IIb under Rule 4 (2 nd indent)
Certification	MDR 729334 (EU Quality Management System Certificate, Regulation (EU) 2017/745, Annex IX Chapter I and III)
Common specification:	Not applicable

AMS Product name	Size (cm)	Basic UDI-DI
Silicone Wound Contact Layer	5 x 7.5	50327491810501L8
	10 x 10	
	15 x 15	
	10 x 20	

**Advanced Medical Solutions Ltd**

Medicline launch of AMS Dressings in Croatia

In relation to the additional requirements for registration and launch of Medicline products in EU member state, Croatia, AMS are providing the following information:

The tables provided on the following pages provide details, for each product category, of the EU MDD and MDR approval status, the complete range of the AMS generic product, the planned Medicline launch dressing sizes and catalogue numbers, and the AMS branded (ActivHeal) dressing sizes and catalogue numbers.

The EU declarations of conformity referenced in the tables are included as numbered attachments in the PDF file.

For each product category, the second table shows the Medicline product sizes and catalogue numbers (soon to be CE marked to MDD or MDR as appropriate) alongside their equivalent CE marked AMS branded ActivHeal products (CE marked to MDD or MDR or both). Please note; the only difference between the Medicline and ActivHeal product is the labelling (e.g. brand name, brand logo, languages present).

In some cases (such as Silicone Foam, HPD/41-2AP, Silicone Wound Contact Layer and Alginate), the Medicline launch will be of MDR product, whereas the AMS branded Activheal product has not yet been launched under MDR and is still CE marked under MDD only. In these cases, details of the ActivHeal MDD product are provided along with the approved ActivHeal MDD declaration of conformity and the draft (unsigned) MDR declaration of conformity.
